<p>TECHNICAL BULLETIN No. 0122</p>	<p>Product Manual Instructions on Flash Drives</p>
---	---

Beginning on June 1, 2017, all orders shipped from Waterous will contain two flash drives instead of CD's. This change was necessary due to many new computers not being equipped with CD/DVD players.

The flash drives will be labeled "Waterous Product Manuals Ver. 3.0" and will be contained in a clear clam shell case with a printed insert labeling the product.

Waterous Product Manual flash drives contain the following information:

- Operation and Maintenance Instructions
- Waterous 3D Interactives
- Translated Instructions

Example of Flash Drive

NOTE: The information in this technical bulletin was current at the time of printing. Waterous reserves the right to change this information
